## **2. Highlighting the Problem Statement**

Despite legal progress, **LGBTQ+ Americans and racial minorities continue to face systemic discrimination and inequality** in multiple areas of life:

- **Lack of Federal LGBTQ+ Protections** – Many states allow legal discrimination in housing, employment, and healthcare due to gaps in federal law.
- **Voter Suppression & Racial Gerrymandering** – States have passed laws restricting access to voting, disproportionately impacting **Black, Indigenous, and LGBTQ+ voters**.
- **Rising Hate Crimes & Violence** – Hate crimes against **LGBTQ+ individuals, racial minorities, and religious communities have surged**.
- **Restrictions on Gender-Affirming Care & LGBTQ+ Youth Protections** – Some states have banned gender-affirming care, limiting access to necessary medical treatment.
- **Education & Workplace Discrimination** – LGBTQ+ individuals face censorship in schools, workplace bias, and lack of leadership opportunities.
