

THE NO MORE SHUTDOWNS ACT

A Plan for Responsible Budgeting & Government Stability

1. Summarizing the Core Message

The *No More Shutdowns Act (NMSA)* is a **comprehensive legislative reform** that **permanently eliminates government shutdowns**, enforces fiscal discipline, and holds Congress accountable for budget failures. **By ensuring automatic budget continuation, requiring multi-year budget planning, and instituting a balanced budget rule**, this plan **creates a stable and responsible government that serves the American people—not political gridlock.**

Key Goals of the No More Shutdowns Act:

- **Eliminate Government Shutdowns** – Prevent Congress from using the budget as a political weapon.
- **Implement Multi-Year Budgeting** – Reduce fiscal instability by moving away from annual budget fights.
- **Hold Congress Accountable** – Enforce a "**No Budget, No Pay**" rule for lawmakers.
- **Require a Balanced Budget** – End reckless deficit spending and restore fiscal responsibility.
- **Audit Federal Waste & Special Interests** – Identify and eliminate inefficient government programs.

This plan ensures that **America's government operates efficiently, responsibly, and in the best interests of its citizens.**

2. Highlighting the Problem Statement

The **federal budgeting system is broken**, leading to:

- **Recurring government shutdowns** – Over **20 shutdowns since 1976**, costing taxpayers billions.
- **Federal employees working without pay** – Nearly **800,000 workers** furloughed per shutdown.
- **Disruptions to Social Security, veterans' benefits, and small business loans.**
- **Political gridlock that weakens America's global leadership.**
- **An unsustainable \$36+ trillion national debt.**

Why the Current System Fails:

- **Political Showdowns Over the Budget** – Shutdowns are used as a bargaining tool, harming Americans.
- **Annual Budget Cycles Create Uncertainty** – Agencies cannot plan for long-term investments.
- **No Consequences for Congress** – Lawmakers continue getting paid even if they fail to pass a budget.
- **Uncontrolled Spending & Growing Debt** – No requirement to balance the budget leads to reckless fiscal policies.

The Solution:

The *NMSA* creates a government that functions without interruptions, prioritizing fiscal responsibility, transparency, and efficiency.

3. Key Reforms in Bullet Points

The *No More Shutdowns Act* is structured into **five core pillars**:

1. Automatic Budget Continuation – No More Shutdowns

- **Prevents government shutdowns permanently** – If Congress fails to pass a budget, funding continues at the previous year's levels (adjusted for inflation).
- **Federal workers always get paid** – No more furloughs or unpaid military personnel.
- **Social Security, veterans' benefits, and national security funding remain uninterrupted.**
- **Eliminates the use of shutdowns as a political weapon.**

2. Multi-Year Budgeting – Eliminate the Annual Budget Crisis

- **Moves to a two-year or four-year budgeting system**, reducing uncertainty for federal agencies.
- **Encourages long-term investments** in infrastructure, research, and national defense.
- **Reduces waste by improving government planning & efficiency.**

3. No Budget, No Pay – Holding Congress Accountable

- **If lawmakers fail to pass a budget on time, they don't get paid.**

- Prevents political grandstanding and delays.
- Ensures that legislators feel the same consequences as federal workers.

4. Balanced Budget Rule – Enforce Fiscal Discipline

- Requires Congress to match spending with revenue, except in declared national emergencies.
- Ends deficit spending and debt accumulation.
- Protects Social Security, Medicare, and defense while ensuring financial sustainability.

5. Federal Waste & Special Interest Audit – Stop Inefficiencies

- Conducts a full-scale government audit every five years to eliminate unnecessary programs.
- Cuts outdated corporate subsidies and special interest tax loopholes.
- Redirects taxpayer dollars toward essential services.

With these reforms, **America will never experience a government shutdown again** while ensuring responsible governance.

4. Implementation Phases

Phase 1 (Years 1-2): Immediate Protections Against Shutdowns

- Automatic budget continuation ensures government stability.
- Federal employees & Social Security recipients will never miss a paycheck.
- Congressional paychecks are tied to budget performance.

Phase 2 (Years 3-4): Multi-Year Budgeting & Fiscal Accountability

- Congress shifts to two-year or four-year budgets, reducing annual crises.
- Balanced budget measures prevent excessive spending.
- Federal agencies plan for long-term infrastructure, defense, and social programs.

Phase 3 (Years 5-6): Long-Term Economic Stability

- Federal waste audit eliminates redundant programs, cutting costs.
- Corporate tax loopholes are closed, ensuring fair contributions.

- **Debt reduction measures ensure a sustainable financial future.**

By **Year 6**, the U.S. government **will operate efficiently, free of shutdown threats, with fiscal discipline in place.**

5. Projected Economic/Social Impact

If fully implemented, the *No More Shutdowns Act* will:

- **Eliminate all government shutdowns, ensuring uninterrupted federal services.**
- **Save taxpayers billions by preventing costly shutdown-related expenses.**
- **Increase public trust in Congress by enforcing accountability measures.**
- **Reduce national debt through balanced budget enforcement.**
- **Ensure federal employees and Social Security recipients never experience payment delays.**
- **Improve government efficiency by reducing waste and special interest spending.**

This plan **ensures fiscal responsibility while guaranteeing essential services continue uninterrupted.**

6. Conclusion & Call to Action

The *No More Shutdowns Act* is not just another budget reform—it is **a structural transformation of U.S. governance, ensuring stability, accountability, and long-term financial health.**

By eliminating government shutdowns, enforcing responsible spending, and holding Congress accountable, the NMSA creates a government that works for the American people—not against them.

The choice is clear:

- **Continue allowing budget showdowns, government instability, and financial irresponsibility?**
- **Or implement the No More Shutdowns Act, ensuring stability, accountability, and efficient governance?**

The time to act is NOW. The American people deserve a government that is **functional, responsible, and committed to their well-being.**
